

We just wanted to thank Mark and Dino Zuccaro we had our wedding and reception at the Zuccaro's Banquet hall. The wedding ceremony was perfect there new out door patio had a park like setting it was a great alternative to having our wedding in a wedding chapel. Their catering staff catered to our every need. We checked out many of banquet halls in Macomb County and we found it right here in our backyard, in Clinton Township the perfect banquet location.

To Whom It May Concern: We used Zuccaro's Banquets and catering to cater our company party, it was awesome. The food was perfect every detail was attended to flawlessly.

I found Zaccoros on the click on Detroit website and decided to give you a try for our upcoming wedding and Channel 4 News was right you are the best. I'm a righter a reporter for The Detroit News and I'm going to suggest that you are listed in our preferred vendor program.

My family said I'm bridezilla and would never be happy, because I'm just picky I wanted everything perfect. Well the wedding day was perfect.

Thank you,

Jennifer & Mark
